16 to 17: 0 18 to 25: 0 26 to 40: 0 41 to 60: 3 61 to 70: 7 71+: 2

e) Name of polling place: Town Hall

f) Is this polling place shared by multiple reporting units? Yes No

Cost of Elections

The information on the Cost of Elections only needs to be provided once for each municipality only – not for each Reporting Unit

Starting with the April 3, 2012 Statewide Spring Election and Presidential Preference Vote, the Government Accountability Board will begin collecting information on the cost of all statewide elections via the Wisconsin Election Data Collection System (WEDCS).

Periodically, the Board receives inquiries from the Legislature and its service agencies, i.e. The Legislative Fiscal Bureau, the Legislative Reference Bureau, the Legislative Council and the Legislative Audit Bureau, and from other State, Federal and national agencies about the costs of administering and conducting the State's elections.

In addition, since 2008, county and municipal clerks have asked the Board staff to provide information on the costs of conducting elections in response to requests made by respective governing boards, especially local finance/budget committees. Since the Board does not collect this information on any regular basis or in any systematic way, the feedback provided was at best qualitative or anecdotal.

Following the 2011 Recall and Special Elections, the Legislature specifically asked the Board to solicit information from both county and municipal local election officials (clerks) about the costs of conducting those Elections. In late 2011, once again, the Legislature asked the Board to solicit local costs for conducting a statewide 2012 Recall Election.

The Board has now begun gathering information on an ongoing basis, on how much it costs to administer and conduct statewide elections. The collection of accurate and complete cost data will be useful to both local election officials and the Board for budgeting and advocacy purposes.
