

Town of Dunn Highway Excavation Permit

The following information must be given before an excavation permit may be granted

Name & Address of Applicant: _____

Name and Phone Number of Primary Contact: _____

Type of utility: _____

Location: _____ Located near _____

Plans prepared by: _____

Applicant will furnish an inspector: Yes _____ No _____

Type of crossing requested: Tunnel, bore, jack _____ Open cut _____

Conditions

No open cutting for a crossing will be allowed where the pavement is too narrow to maintain one-way traffic at all times during the progress of the work unless it is convenient to close the road and detour traffic.

Wherever the pavement is opened the spoil shall be hauled away and the trench shall be backfilled with sand or gravel fill and compacted, in lifts no thicker than 12 inches.

The pavement shall be replaced using 8 inches of concrete base and 2 inches of hot mixed asphalt over compacted sand.

When one-way traffic or a detour is used, the contractor will provide all necessary and approved signs, flagmen and flares at night.

When a detour is necessary the Town Highway Department shall be notified by the contractor in advance of the work.

All disturbed areas shall be returned to their present condition or better, subject to the satisfaction of the Highway Department.

The Town Highway Department shall be notified at or before 7:30AM the day the work is scheduled to begin. The Highway Department phone number is 608/-838-1081 or 608-575-4240 Todd, Highway Foreman.

A \$50 fee and map of the work area is required upon submission of this application.

Special conditions:

I have read the above and agree to the conditions set forth:
